County of Alameda ARPA Supervisorial District Community Needs Cash Aid Grants

In response to the negative economic, health, and safety impacts of the COVID-19 pandemic on local non-profit and business organizations, the County of Alameda is launching a new program, the American Rescue Plan Act (ARPA) **Supervisorial District Community Needs Cash Aid Grants program**. This new program will infuse much needed cash aid into the community and spur Alameda County's economic recovery.

The County has allocated \$3.1 million to each Supervisorial District for the ARPA Supervisorial District Community Needs Cash Aid Grants program with the goal that each Supervisorial District will provide cash aid grants that reflect the geographic and cultural

diversity of Alameda County, prioritizing organizations operated by or serving populations and communities that were disproportionately impacted by COVID-19. Organizations that have experienced negative economic impacts caused by COVID-19 during the period March 1, 2020, to the present are eligible to apply for a cash aid grant under this program. Cash aid grants may be awarded beginning April 11, 2022, through September 30, 2024. Grants are subject to availability of funds within each Supervisorial District's \$3.1 million allocation, eligibility of applicants, and any other relevant factors.

Application deadlines vary by Supervisorial District. For more details view the information for each District.
